New Challenge every week

About the Course

Give your child the tools to grow up to be a happy and confident Muslim!

"And give good tidings to those who believe and perform righteous deeds that theirs shall be Gardens underneath which rivers run..." (Qur'an 2:25)

We want our kids to be both happy and conscientious about Islam. How do we balance the two?

In this course, we teach kids ways to always be grateful toward Allah and eager to do good deeds. That includes taking time to celebrate spiritual achievements, like observing Eid after fasting and worshiping in the Month of Ramadan. We also want Muslim kids to learn to help raise the spirits of friends or family who might be feeling down.
